

7th Intercontinental Personal Care Excellence Conference Special Edition Biodiversity & Sustainability - Rethinking Beauty

Venice, 11 - 12 June 2024

The 7th IPCE scientific program is now ready!
Part of the authors of the best Posters of IFSCC Barcelona 2023 will alternate with internationally renowned speakers such as **Chaudhuri K. Ratan, Apostolos Pappas** and our Italian regulatory expert **Giulio Pirotta**

Rethinking beauty while respecting biodiversity and sustainability is the common thread that characterizes this 7th edition, which will once again be held in an Italian UNESCO heritage site

The Congress Venue, **San Domenico Room** at **Scuola Grande di San Marco**, is a treasure chest in the heart of Venice. The façade of the School represents one of the most precious Venetian exteriors and participants will be welcomed in the enchanting "portego" of the Venetian palace.

The gala dinner, which will be accompanied by a refined musical event, will be held in the splendid **Sala della Musica** of **Cà Sagredo Hotel** overlooking the Grand Canal.

SICC congratulates in advance those who will participate and thanks the companies that up to now have shown interest in Cosmetic Science as a driver of people's well-being and environmental sustainability and contribute to making this event "special"
